Re: Modernizing the E-Rate Program for Schools and Libraries, WC Docket No. 13-184

Dear Ms. Dortch:

On November 15, 2016, Evan Marwell, CEO of EducationSuperHighway met with Nicholas Degani, Wireline Legal Advisor. In the meeting, we discussed the letters sent to the FCC by Governors Abbott, Martinez and Hassan. We also reviewed EducationSuperHighway's analysis of the cost to the E-rate program of the Governors' request to increase the discount rate to 90% for all E-rate applications for non-recurring costs related to fiber builds to schools without fiber when states provide 10% of the funding. A copy of our presentation is attached to this document. We also provided a demo of www.compareandconnectk12.org - EducationSuperHighway's price transparency portal that leverages E-rate data to help districts get more broadband for their budget thereby making the E-rate program more effective.

Kindly direct any questions regarding this matter to my attention.

Sincerely,

/s/ Evan Marwell

Evan Marwell

CEO
